

For the 6

By Tom Mintlo

A F of ill night

The Coach Lady Arow Soccer team enjoyed a fulfilling and record setting trip to Ben Logan on Monday evening and came away with a 9-0 win for their second victory of the season.

In preparation for the next high school contest, the Arow retooled their offense into a 4-4-2 formation to help strengthen the midfield and allow more freedom for the strikers up front. This was a great training game for Coach as the Ben Logan Riders started a very young team with many sophomores and freshmen on their roster. The Riders had problems with possession all night long and were not able to launch many forays into the Arow end of the pitch. This afforded the Arow the opportunity to attack all night long and freshman Jessica Boggs to play prominently to display her scoring abilities. Boggs scored the first goal of the night for Coach of 10 passes from juniors Gadalope Mendoa and Marissa Sine at 31: 8 and 12: 3 Boggs, Mendoa, Base Mintlo, Ana Seaker and Anne Allen were all in training on goal the first half for a 3-0 half time advantage. The Arow dominated possession winning 2 of 8 6/6 balls and had 6 intercepts.

A half time coach Jim Pabon was not entirely pleased with the Arow performance as they were not looking to make the extra pass for a higher percentage shot and were relying more on direct shot attempts that were either high or wide and many went directly to the goalkeeper.

The Arow continued their shooting prowess the second half with another 18 shots on goal but were more efficient scoring seven more times. Boggs scored the first goal of the second half on a pass from Mintlo at 36: 6 and on a breakaway attempt at 32: 39 Aly Triplett and Mintlo got in on the act with assists from Allen and Meghan Wison. Boggs scored her fifth goal of the evening at 43: 2 of a pass from Allen which tied the school mark. Allen then finished the scoring for Coach at 1: 16 for the 9-0 final.

The Arow return home Wednesday for another high school opponent facing Graham at 7: 15 pm
